

ABOLISH[®] 8 EC
RICE HERBICIDE

BOLERO[®]
ULTRAMAX
HERBICIDE

LEAGUE MVP[®]
HERBICIDE

April 10, 2019

Dear Grower,

Three of our leading rice herbicides — Bolero[®] UltraMax Herbicide, League[®] MVP Herbicide, Abolish[®] 8 EC Rice Herbicide — have received supplemental labels from the Environmental Protection Agency and CA Department of Pesticide Regulation to reflect new, shorter reentry times.

These products are now approved for reentry after 12 hours, adjusted from the previous time of 7 days, with the same long-lasting residual control you need in your foundational herbicide program. This change in REI means you will not need to post signs along the borders and entry points of fields where applications have occurred. It will be required that a supplemental label is in the possession of the user at the time of application. These supplemental labels are attached to this message for your reference and use.

Please contact your local Valent representative, retailer or PCA for more information.

Sincerely,

David Frye
Marketing Manager
Valent U.S.A.

ABOLISH[®] 8 EC RICE HERBICIDE

EPA Reg. No. 59639-79
(For Use in California Only)

ABOLISH[®] 8 EC RICE HERBICIDE REDUCED RESTRICTED ENTRY INTERVAL (REI)

This supplemental label expires on September 30, 2021 and must not be used or distributed after this date.

This supplemental label reduces the restricted entry interval (REI) from 7 days to 12 hours. The Agricultural Use Requirements information below supersedes the information on any existing container label.

THIS LABELING MUST BE IN THE POSSESSION OF THE USER AT THE TIME OF APPLICATION. READ THE LABEL AFFIXED TO THE CONTAINER FOR ABOLISH 8 EC RICE HERBICIDE BEFORE APPLYING. USE OF ABOLISH 8 EC RICE HERBICIDE ACCORDING TO THIS LABELING IS SUBJECT TO THE USE PRECAUTIONS AND LIMITATIONS IMPOSED BY THE LABEL AFFIXED TO THE CONTAINER FOR ABOLISH 8 EC RICE HERBICIDE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours.

PPE required for entry within 12 hours after application to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil or water is: coveralls, chemical-resistant gloves made of any waterproof material, and waterproof boots plus socks.

PLEASE CONTACT VALENT U.S.A. LLC AT 800-6-VALENT (682-5368) TO DETERMINE IF THIS USE IS REGISTERED IN YOUR STATE.
